Quality Filters To Meet Today's Demands

See Your Hastings Distributor Today
For Ag Filters You Can Count On.

Quality Filters You Can Trust

- Good preventive maintenance is the key to reducing breakdowns, saving on operating costs and enabling your farm equipment to operate longer, more efficiently and safely. Hastings Premium Filters helps you understand and implement the basics of preventive maintenance through the Hastings Farm Filter Resource Guide, which is available free through your distributor or by contacting Hastings.
- Hastings Premium Filters has been helping farmers protect their equipment for over 60 years with high quality, filter products that meet or exceed original equipment specifications. Hastings offers a comprehensive line of quality air, lube, fuel, coolant, hydraulic and transmission filters to meet the needs of its customers.

- Over 3,800 products are available for trucks, automobiles, farm equipment and industrial and marine applications. The superior quality and dependability of Hastings filters are the result of advanced technology and years of manufacturing experience, as well as continual research into the newest filtration methods.
- Hastings Premium Filters is committed to meeting the requirements of its customers with a goal of providing defect-free product and services and on-time delivery. With this commitment, you can be sure that your Hastings Distributor can provide you with the filtration products you need...at a price you can afford.
